Hello Karen,

Welcome to the first edition of our email newsletter, DART's *Legislative Update*. Our goal is to keep you informed on the important work our team members do every day to advance mobility and economic prosperity for the North Texas Region. We will use this newsletter to share our work on local, state, and federal legislative matters, and what it means for you, our partners and riders.

You can expect to hear from us at least once monthly, but our hope is that you will not hesitate to reach out to us directly at any point. In this inaugural edition of the newsletter, we want to start by introducing our team and giving you a preview of what we are focused on heading into 2025.

Eron has distinguished himself through numerous leadership positions at the agency. He is a graduate of several management training programs, including Management DART and the Multi-Agency Exchange (MAX) Program. In 2016, DART’s then-President Gary C. Thomas recognized Eron for outstanding service and commitment to the agency with the Gold Star Award.

The 89th Texas Legislature convenes on Tuesday, Jan 14, 2025, at noon. As always, we are looking forward to working with our state and local partners to advance legislation that enhances our role as a critical mobility provider and economic engine for the region.

The DART Board of Directors earlier this year approved the agency's 2025 Legislative Agenda. We invite you to explore it in English and Spanish at the link below.

Irving-Las Colinas Chamber's Legislative Send-Off

The Irving-Las Colinas Chamber of Commerce 89th Legislative Send-off last Wednesday brought together an engaging panel of state leaders, including Rep. Rafael Anchia, Rep.-Elect Cassandra Hernandez, and Rep. Terry Meza (pictured left to right with DART's Damarcus Offord), for an insightful discussion on the challenges and priorities awaiting the Texas House in the upcoming session.

The panelists shared their perspectives on pressing issues facing the state, including the pivotal Speaker's race, the urgent need to address Texas' electric grid reliability, and the critical importance of infrastructure development. Their candid dialogue provided valuable insights into the legislative process and the collaborative efforts needed to tackle these pressing matters, setting the stage for an impactful session ahead.

Thank you for reading. We look forward to working with you. Please do not hesitate to reach out to us at any time.

Best,
